## *Admission Handbook*

*Transforming learners of today into leaders of tomorrow !*

SESSION 2023-2024

## PRINCIPAL'S IDEOLOGY

**Challenges may cause ripples in the mighty quest  
But its determination that navigates on the course of Success...**

The purpose of education today is not limited to mere academic transition but to meet the very diverse and volatile dynamics of the world outside. Keeping at pace with a technologically advancing world, a student's identity is subject to his/her expertise and 21st Century skills. Thus, at Bal Bhavan we aim at providing our student's an environment that can stimulate their curiosity, subsequently nurturing innovative and creative instinct. Since, NEP 2020 clearly mapped the academic design that suits an application-based curriculum, we cannot rely on conventional roadmaps. And so, we seek to resort the challenge with an experiential pedagogic module that incorporates multi-disciplinary approach. In this way we ensure that every Bal Bhavanite, contributes to redefine the social dynamics as an empowered global leader.
